2017 National Member Food Drive

Facts About Hunger per Feeding America:

- 1 in 7 Americans struggles to get enough to eat and utilizes the Feeding America network for food assistance.
- 13.1 million children live with hunger.
- Even college-educated people struggle with hunger.

Your Food Drive Event

Here are some things to consider when planning a Food Drive for your local food pantry. Whatever you do, **Make It Fun!** Competition between groups, neighborhoods, departments at work, church groups, Chapters or different member teams in your Chapter always creates excitement and increases participation. Offer prizes or recognition to the winners.

REPORT THE RESULTS OF YOUR EVENT! Keep track of the number of pounds of food and other items that you collect **AND** the estimated number of hours spent on the drive. We have created a Fraternal Activity Reporting Form and Summary Activity Form for you to keep track of hours spent on planning your drive. Also, please remember to complete a National Member Food Drive Report to report the results of your Food Drive to the home office.

For estimating the number of hours for your event, a good

rule of thumb is for every member/family that donates a food, you can figure about 1 hour of community service; time in shopping for the items and attending the event. So, if 25 members/families bring food to donate to your food drive, you can figure 25 total hours for the event, plus the planning and coordinating.

To help share your involvement in our national member Food Drive with other members and Chapters, be sure to **TAKE PICTURES** and send them to the home office for inclusion in the *Life Assured* magazine, Assured Life Blog and AssuredLife website. I know that we do not get involved in service for the recognition or publicity, but that recognition and publicity helps us tell the story of what we are all about! *Hospitality, Service, Loyalty and Protection.*

If you need help with creating a flyer for your food drive, call on the fraternal department and we will design a flyer especially for your event and send you a supply.

Feeding America is the nation's leading domestic hunger-relief charity. Its food bank network members supply food to more than 46 million Americans each year, including 12 million children and 7 million seniors. Feeding America has a nationwide network of 200 food banks and 60,000 food pantries and meal programs that provides food and services to people each year. Its mission is to feed America's hungry through a nationwide network of member food banks and engage our country in the fight to end hunger. Feeding America is a great resource to you as you plan your Food Drive. They can be found on the web at <http://feedingamerica.org>.

Food Drive Ideas

Chapter Meetings: Have members bring donations of food items for the local food pantry to your next Chapter meeting. Offer prizes or recognition to those that bring the most items.

House Party: This is a **great idea for any individual member.** Does someone you know have a spectacular home on the lake or great view of the city skyline? Consider asking them to host a party with donations of food items for the local food pantry as admission to the party. Or have a barbeque and invite friends and family and ask them to bring food donations for the local food pantry.

Partner up: Great for groups. Ask a local grocery store if you can setup a food drive at the store. Have members or friends give out information about the collection as people go in so they can buy something extra for your drive. On the way out, collect the donations.

Host a Hunger/Homeless Awareness Dinner: Inspired by Rose City Portland, Oregon Camp 77, reach out to the local Food Bank or Homeless Shelters to plan a dinner with the proceeds generated from the dinner being donated to the local food bank or homeless shelter. The menu for the dinner could be the dinner that is provided to the homeless when they visit the homeless shelter. You can also talk to other organizations to co-host or sponsor the event.

Golf Outing Drive: Great for groups. Host a golf outing for your members with the Chapter paying for the green fees if golfers bring food donations representing the same

amount as the green fees.

Bowling Drive: Great for groups. Host a bowling outing for your members with the Chapter paying for the bowling fees and shoe rental if participants bring food donations representing the same amount as the bowling fees and shoe rental.

Neighborhood Drive: Great for groups and individual members. Organize a neighborhood food drive. Just put out paper bags to each of your neighbors with a note or flyer. Ask them to fill the bag and put it out

by their mail box or on their front porch on a particular day and time for pick up; or you can drop by on a certain day to pick up their filled bags if you don't feel comfortable having the items outside unattended. Saturday around noon often works well for collection. Make sure to print your name and phone number on the note as a contact if there are any questions. And promote your Chapter or Assured Life Association.

Food Drive Scavenger Hunt: Pick a weekend day and have teams of members and friends compete to see how much food they can collect in their neighborhood in 2 hours. A list of food items is provided to each team with some food items getting more points than others. You can promote your food drive scavenger hunt ahead of time in the local newspaper to alert residents of the event. Leave a card of thanks promoting your Chapter or Assured Life Association. Give prizes for the teams that get the most items.

Trick or Treat Drive: Use the neighborhood drive idea with a twist. Change your note to indicate that this is part of a Trick or Treat Drive with the food collection happening the week before Halloween (you don't want to compete with the kids' Halloween night). Then have fun and get everyone to dress up in costume to go around and collect the food. End your Trick or Treat Drive with a costume party and count up the total pounds of food you collected.
