Food Build Reminder

Assured Life Association is sponsoring another Chapter Food Build event this year in conjunction with the National Member Food Drive. This is a way chapters can earn a minimum of \$100 (last year the participating lodges received \$250) from the home office for their food banks AND involve members in a fun event!

If you have a member food drive, please consider including a Food Build in your event plans. It gets your members involved and excited about the event. Take the cans

and boxes of food and other food items collected and build something out of them; like building blocks. Take pictures of your food build throughout the process and one of the final structure and submit those pictures to the home office by December 14, 2017 along with a report of your event.

If your chapter includes a Food Build in its Member Food Drive Event and sends pictures of its creation to the home office, the home office will donate at least \$100 to your local Food Bank. Perhaps not as exciting as a contest, but just as effective for local food programs. Everyone that does a Food Build wins! We will share all Food Build entries on our website and blog and through member emails. A member poll will be included in the promotion to see which food build they liked the best. So submit your food build if for no other reason, bragging rights!

Step 1. Build-Create a Food Build structure

Step 2. Share-Share pictures of your Food Build with the Home Office

Step 3. Earn-Earn at least \$100 for your local food bank

Never Too Early to Think About Annual Reporting

Chapter Secretaries and Banker/Treasurers should start gathering the information and data required for the 3 chapter reports due March 31, 2018:

- ⇒ Chapter Activity Survey/Report
- ⇒ Chapter Financial Report
- ⇒ Chapter Report of Officers for 2018

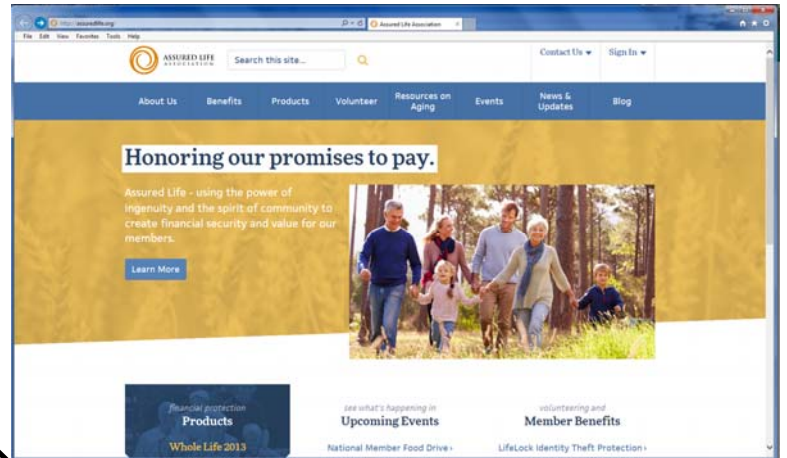

The reports will remain the same again this year, so the same information is required. This should be old hat to all of us by now.

Operation Purple—A Worthy Cause

The National Military Family Association's Operation Purple summer camp program has been in our list of national member service campaigns now for about 6 years. We don't get a lot of traction for this program, which is a shame.

Did you know that when you mix the colors of Army green, Coast Guard blue, Air Force blue, Marine Corps red and Navy blue, you get the color purple? In the military world, the color purple represents all who serve; all branches of the armed forces.

Operation Purple summer camps

offer military kids a free week of camp where they connect with other kids just like themselves. They learn to cope with a parent's military service and deployment among other kids who get it because many of them are going through the same things.

Just think about the issues military kids experience; multiple moves, long deployments, change in schools, difficulty making new friends. When a military kid attends Operation Purple Camp, they thrive in an environment with fully

trained counselors and camp staff experienced in helping children adapt and overcome the stressors of military life. A worthy cause.

Pictured here are some statistics applicable to Operation Purple Summer Camps.

This next year, Assured Life is once again promoting Operation Purple Camps as one of our national member service campaign. Please consider supporting this cause with a chapter donation. Because Military Kids serve too. Send your donations to:
